Subject: Summer Internship Inquiry

Respected Sir/Ma'am,

I am a first-year student at VIT Bhopal University and I am doing my Bachelor degree in Computer Science Engineering Core. I want to know if ABC Company Ltd has any summer internship for Computer Science Engineering Core students like me.

I have always admired the workings of your company in the fields of Advance Data Handling and Web-based services. My Background in Python programming and Data Analysis will contribute and add value to your team wile further helping me developing my own professional skills.

Enclosed is my resume for your consideration. I'd be pleased to discuss how my skills might fit with your team's needs this summer.

Thank you for your time and consideration.

Yours sincerely

Shoubhit Pramanick
